### What's New in the?

Facebook Icons dock is a useful utility for Mac users that offers various versions of Facebook icons as downloadable, user-friendly applets. All the Facebook icons come in PNG format and make it easy to put them on your desktop. All the icons have the option to choose a custom size, resolution, color depth, and transparency. As the applet detects the size and colour depth of the desktop, it automatically adjusts the icon size for a better look. You can also change the transparency of any icon by simply dragging a rectangle with your mouse inside the icon. While you can open the Facebook Icons dock from anywhere, you need to open up iTunes to install the applet. That's because the Facebook Icons are packaged inside a.dmg file, which is iTunes-only. You can drag the file onto the iTunes icon on your desktop in order to install it. Once installed, the icon will work the same as any regular one. And all the Facebook icons are compatible with Mac OS X Lion (10.7.0). Please note: This app doesn't require any privileges since it simply downloads the Facebook icon in a.dmg file and installs the.dmg icon as an applet. This extension is part of the old Facebook Icons Pro. Facebook Icons is a useful, easy-to-use application for Mac OS X. It is designed to help you find and replace missing, misplaced, damaged, or orphaned icons on your Mac. All the icons are saved as PNG files. All of the icons can be easily placed on your desktop in order to replace the non-existent icons. The application will find the right size and colour depth for your desktop and it will fit each icon to a new size. If you have several versions of a particular Facebook icon, you can simply choose the version you'd like to use and the other ones will be ignored. Once an icon is replaced, you can simply choose the one you want from the dock menu. There are tons of Facebook icons and the application will find the right size for your desktop. All the icons come in PNG format and it's easy to apply them to your desktop. Facebook Icons will help you find and replace your missing or misplaced icons. The application will find the size and colour depth of your desktop and replace each icon as it finds the right size for your desktop. Facebook Icons allows you to easily replace missing, misplaced, damaged, or orphaned icons
