Hello guys, I'm really excited to release the new free 3D pack for 3DS Max which is called Vray 2. There's a lot to say and share and for this reason I'm going to write a series of posts on this topic. I like to call this adventure a series of minigames that are related to the topic of performance. I hope you enjoy it. How I lost my last disc of data in my 3DS: My 3DS break inside a bin. By having the 3DS at eye-level, I lost the data stored. History: I've lost my last game due to the disc crack. It happened because I had the game in very high position, in fact, upside down while placing it to the box. I've spent the last minute trying to put things on their normal position in order to restore, but nothing. Hi everyone, I just checked on the animation section and the "keyframes" addon looks great, but the animate operator seems not to work with the skin modifier. Maybe it's a bug on 2.5 or something, but I can't find a working solution on the net. Can someone confirm it, or are you able to use it without problems? Thank you! Bacon had some problems but didn't ask for support: Maybe the "move, rotate, scale" options are missing from the Layers panel in ARCHIMEDES any more. When you selected the object by clicking on it, it didn't work. Clicking the option "Select the visible base" for the individual modifiers worked. So I had to select the base object and only then the options were there. Download Vray 3D advanced 1.51, is available in.rar format. Right click the download link and select Save Target As.rar then extract it. To play this rar file, use Vray 3D advanced 1.51.rar. Enjoy Vray 3D advanced 1.51! Download Vray 3D advanced 1.50, is available in.rar format. Right click the download link and select Save Target As.rar then extract it. To play this rar file, use Vray 3D advanced 1.50.rar. Enjoy Vray 3D advanced 1.50! Download Vray 3D advanced 1.45, is available in.rar format. Right click the download link and select Save Target As.
