to access files (SIGSEGV) I'm not exactly sure what is going on here but I am getting a SIGSEGV error. I am implementing a minimal wav class. I am trying to have the user provide a wav file and store it within my class. I have successfully done this and can play the file. I have created a structure to allocate memory for the file, read the header, write the header, then I have written the data to disk. I would like to be able to play the data
